Coffee Grinder

TVCG-84FB-TW

The TVCG-84FB-TW is a professional coffee grinder designed for consistent espresso preparation in commercial café and beverage environments. With 84mm flat burrs, a 4.3-inch touchscreen, adjustable speed range, and multi-level grind adjustment, it gives operators greater control over grind texture, workflow, and recipe consistency.

Ideal for cafés, restaurants, coffee bars, bakeries, and bubble tea stores with coffee menus, this grinder supports fast, repeatable grinding while helping reduce static, powder dispersion, and heat build-up. Its removable chute and real-time temperature monitoring make it practical for high-use daily operation.
